 Windows install in minutes complete including a log edge window sill

How to order my WOODY kit or “Dry In package”?

1. Select one of our designs or “napkin sketch” your own. Any design can be accomplished. Contact your **Woody** representative 920-390-4999 or e mail: info@cabintek.com. You will work with our designer to help you determine the final **Woody** floor plan. These plans will allow us to confirm initial budgets
2. We will schedule a delivery date at your preference **after you have approved** the building plans (There maybe a \$1,500 deposit required for the plans that will be a credit to the kit cost). If required you will be able to submit the blue prints to the building inspector or township giving you piece of mind the **Woody** will be approved and will comply with the local zoning and building codes before scheduling delivery.
3. If you live in a state that requires “engineered” plans we have on our team engineers that can do this

Payment and guarantee ?

Once the Woody is approved and a detailed contract accepted outlining your purchase we generally require a 50% deposit when ordering your **Woody kit**. The balance including freight is due prior to shipment. **Cabintek Cabins LLC** the exclusive manufacturer of the Woody and guarantees your acceptance of the **Woody log** building kit. If you are not completely satisfied you may return the un-assembled kit within 60 days of delivery for a full refund. All parts are guaranteed to fit or we will replace any part at no charge for up to 1 year.

What if I am not a “do it yourselfer” Need building Assistance?

Cabintek Consulting Services with decades of experience can help you arrange for a local contractor or we can arrange to have one of our factory trained installers give you a day or two of on site help. We can also arrange to install the entire cabin. You have great flexibility. The Woody is designed for easy assembly needing just basic tools and knowhow. You can save a bundle by doing it yourself with a crew of friends and neighbors

How do I see an installed Woody?

If we have not delivered a Woody near you, our show room is located in central Wisconsin near Wausau. (Central Wisconsin Airport) We can arrange accommodations and visit including a tour of finished Woody’s in our area. We will reimburse your travel expenses up to \$1,000 should you decide to move forward with your **Woody** cabin project. The \$1,000 will be a credit to your purchase. (some restrictions apply)

We encourage a visit as seeing is believing , I know you will be impressed !
