The Woody by Cabintek is an authentic log cabin, made from full logs harvested, dried and fabricated in Wausau, Wisconsin, USA.

We have simplified log home building through Cabintek’s engineered construction process.

The Woody is made exclusively for the do-it-yourselfer.
WOODY BENEFITS INCLUDE:

Authentic natural beauty of full logs
• We procure only the finest pine logs in North America
• Enjoy the ambiance of log home living for generations
• 8" full log walls comply with stringent energy code standards

The Woody Log Cabin Building System
• Guarantees quality while maximizing plan flexibility
• The Woody design minimizes energy loss and virtually eliminates jobsite scrap
• Allows for seasonal or year-round use in the toughest of climates
• Pre-engineered materials and hardware allow for fast and accurate installation
• Windows and doors install with ease
• The Woody System can accommodate the grandest or simplest of plans
• Designed to be permanent or portable

Typical uses of The Woody
• Year-round home
• Room additions
• Recreational cabin
• Stand-alone three-season rooms
• Remote hunting and fishing camps
• Portable workforce housing
• Campground accommodations

Woody log homes provide exceptional value without sacrificing design, beauty, quality or simplicity of construction.
The Construction Process in
3 EASY STEPS

ORDER – Information Packet
Get a Woody information packet by contacting Cabintek at 1.800.564.1677.
Includes:
- Floor plans
- Installation overview
- Detailed list of materials to budget your cabin

PURCHASE – Woody Cabin Kit
Buy your Woody Cabin Kit and other construction materials required.
Building process in 3 phases:
- Phase 1 – Woody Kit
- Phase 2 – “Dry In” Construction Materials
- Phase 3 – Interior Completion Materials

START BUILDING
The Woody is designed to be built by the do-it-yourselfer or contractor of your choice.

Questions along the way?
Contact Cabintek at 1.800.564.1677 or techsupport@cabintek.com
ORDER AN INFORMATION PACKET TO GET STARTED ON BUILDING YOUR VERY OWN DREAM LOG CABIN TODAY!

Includes:

• Interactive Diagram and Blueprints
  Allowing you to customize and plan the furnishing of your very own log home

• Step-by-Step Instructions
  So the construction process is faster and easier than ever before

• Detailed List of Materials
  Providing you with all the information you need to maintain and stay within your budget

The Woody is unlike any other construction project. It’s perfectly designed and crafted for those who have a passion for building, without needing the aid of experts or professionals to complete the project. Each custom Woody Kit is precision cut—so there’s no measuring or cutting required.

See for yourself just how easy it can be to transform your dream into reality.

Order The Woody Information Packet today.
